* When someone accepts your request do not message them straight away, leave them for 2-3 days, as they message you first which shows they're interested! After this period, if you wish to approach someone then use the following message below, or create your own!

*Hi *enter name*, was wondering if you were interested in Trading at all? We offer a range of products here at OpulenceUK and are currently offering a 60day trial!*

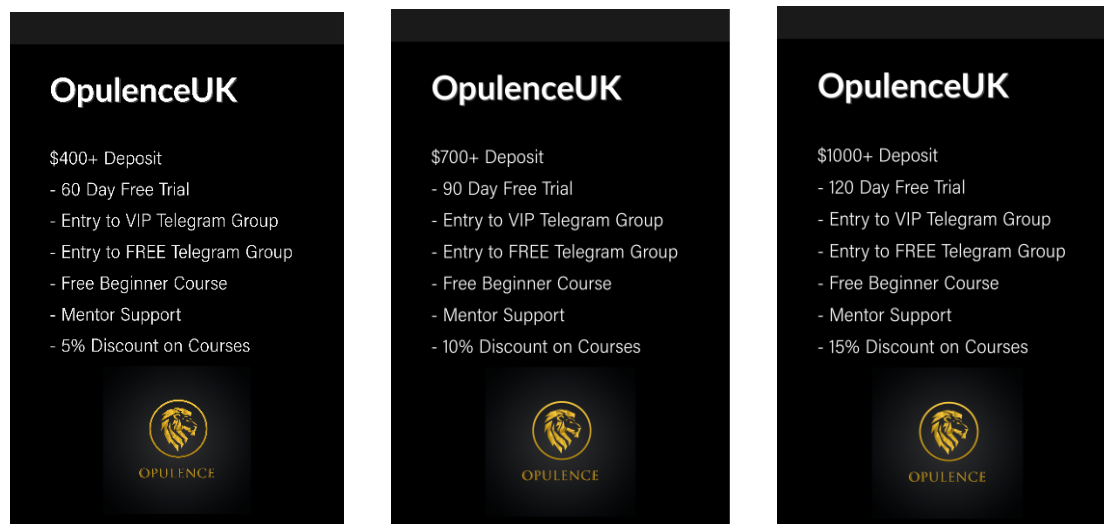

* If the client is interested and wishes to have further details on what we do at Opulence, then the below message is appropriate and asks a question at the end for interaction purposes. No one can leave with a question unanswered!

We at Opulence provide students analysis through researching the market. Students deposit with our sponsored trading platform (using our link) - but don't worry, this deposit is all yours and you are in control of it! We provide Opulence's services on a series of different trial periods, depending on deposit! Then after the FREE trial it will be £59.99 a month. With this, you also get a FREE FX COURSE!

We also offer Forex Education if you're interested in this!

Can I ask... do you have any other accounts with a trading platform?
